No. NCCS/SAS/TSTP/2022-23/23   dated at Bengaluru, the 20th February, 2026

NOTIFICATION

Sub: Amendment to letter dated 27.11.2024 regarding list of WiFi CPE protocols which are to be subjected to fuzz testing.

Ref: This office letter No. NCCS/SAS/TSTP/2022-23/20 dated 27.11.2024

Based on the inputs received from Security Certification (SC) division and the fuzzing tool vendor, it is understood that, at present the available fuzzing tools do not support fuzzing of NAT and LWAPP protocols.

Accordingly, the two protocols viz. LWAPP (at S.No.3) and NAT (at S.No.5) stands deleted from the list of protocols listed in the above referred letter.
