NOTIFICATION

Subject: Sharing of Security Test Reports with Applicants by Telecom Security Testing Laboratories (TSTLs) - reg.

In order to ensure transparency and improving the efficiency in the security testing certification process, the TSTLs have been instructed on a number of occasions to share test reports, feedback etc. with the applicants. The following are therefore reiterated for facilitating the Security Testing and Compliance process:

1. All designated TSTLs shall share the security test reports with the concerned applicant, as and when the testing for a particular clause of an ITSAR is completed, for the DUT.
2. The security test report shared with the applicant shall include all observations, non-conformities, and remarks recorded during the course of testing.
3. All Applicants to extend the technical support to TSTLs in properly configuring the DUT for conducting the test effectively.

This issues with the approval of the competent authority.
