NATIONAL CENTRE FOR COMMUNICATIONS SECURITY (NCCS)

INTERNSHIP SCHEME

1.0. OBJECTIVE:

National Centre for Communication Security (NCCS) is technical centre of DoT that is vested with the responsibility of developing Security standards/ requirements called Indian Telecom Security Assurance Requirements (ITSAR) and activities associated with the security testing and certification of Telecom equipment.

Framing of ITSAR involves Study of chosen Telecom network element and security testing for sample telecom network elements in areas like Security functional requirements, Software code assurance, Cryptographic related tests by people with specific domain expertise. It also involves certain amount of research work in areas like Hardware level Security, Source Code analysis (Static and dynamic analysis at HLL, Binary Code Analysis) Crypto algorithm implementation validation and Crypto Module validation, Supply chain vulnerabilities, Run time vulnerabilities in a live network (Advanced Persistent Threats), Back door entry vulnerabilities, Identification of Intentional/ Hidden Malware in Software/ Firmware of equipment. Since nature of work is highly technical, the manpower deployed should possess hands-on experience and have requisite domain knowledge.

In order to study/ formulate/ operationalize/ assessment of various works/ projects/ policies etc. Though domain experts are being engaged for majority works with 10 to 15 years of experience for advisory role and to impart the knowledge of new technologies being introduced in the networks to expedite creation of ITSARs, NCCS proposes to create an opportunity to young personnel to acquire this knowledge along with regular staff of NCCS as part of Capacity Building for security testing meeting the National objective. To attract young talent from the fields of ICT, internship programme is proposed by NCCS.

This Internship Programme will allow young talent to be associated with the NCCS work for mutual benefit. It will enable NCCS to interact with young scholars and to get fresh ideas and study/ research support from the field of academics. At the same time, it will provide an opportunity to young scholars to contribute in the NCCS work and have an insight into the related technical work. The eligibility condition applicable and other details are proposed in the Internship Scheme enclosed herewith.
